Introduction

Thank you for your interest in the President's Management Council Interagency Rotation Program (PMC IRP). The PMC IRP is managed by the U.S. Office of Personnel Management (OPM) and is a six-month interagency broadening opportunity for eligible high-caliber employees in the grades of General Schedule 13 - 15 or equivalent. The program offers participants the opportunity to enhance and/or develop two or three primary Executive Core Qualifications through broadening opportunities such as a Senior Executive Service mentorship, access and exposure to senior-level meetings or shadowing experiences, and project/program management opportunities. Specifically, the PMC IRP is designed to:

- Enhance PMC participants' leadership competencies through a meaningful rotational assignment and other developmental opportunities outside of their current agencies;
- Expand PMC participants' interagency experience either within or outside their current area of expertise; and
- Offer engaging and insightful interagency cohort events that allow each participant to network and interact with other program participants, Federal employees, and Senior Executives.

The information in this Application Guide is provided to give Department of Defense (DoD) Components, Agencies and Field Activities (Components) and applicants guidance on the nomination process. The Departments of the Army, Navy and Air Force may each submit a maximum of three nominees for Cohort 17, with the condition that matching broadening assignments (maximum 6 assignments for 3 nominees) will also be submitted. The Office of the Under Secretary of Defense for Intelligence and all other Fourth Estate Agencies and Field Activities may submit one (1) nominee each, along with matching broadening assignments. All Components are responsible for conducting their own internal selection processes, ensuring that the process follows applicable laws and regulations.
