

New Sign-In Service for BENEFEDS & LTCFEDS

BENEFEDS issued the announcement below regarding sign-in service changes to enhance online account security. For additional information about this new process, visit BENEFEDS.gov/changes and LTCFEDS.gov/changes.

Greetings:

Login.gov is the new sign-in service for BENEFEDS.gov and LTCFEDS.gov

The U.S. Office of Personnel Management (OPM) partnered with Login.gov to enhance online account security for BENEFEDS.gov and LTCFEDS.gov users. Login.gov replaced the authentication process and credentials site visitors previously used to access their BENEFEDS and FLTCIP online accounts.

What is Login.gov?

Login.gov is a secure sign-in service that offers private online access to government programs, including federal benefits. With a Login.gov account, users can sign in to participating government websites with the same email address and password.
